SECTION D: ADMISSION POLICY FOR CHILDREN WITH DISABILITIES

"The School" will ensure that each child affected by a physical or other disability is treated with respect and dignity.

1. There will be no discrimination against any child, and all children will be treated equally.
2. Universal precautions will apply to everyone.
3. Guidance and referral services will be provided where necessary.
4. We will ensure that support systems are implemented to meet the needs of children with disabilities, as far as our resources reasonably allow.

Note: "the School" is not fully adapted to meet the needs of all learners with special needs, and not all staff members are formally trained to work with learners with special needs. Learners will not be excluded from participation in any activities or programmes, provided that such participation does not fundamentally alter the programme for other children. Should this become a concern, the individual case will be investigated, and the necessary options will be discussed and, where possible, implemented. However, "the School" reserves the right to make alternative decisions regarding the learner's continued operation within the facility and/or where the safety of other learners and staff may be affected.
We endeavour to implement an ongoing staff development plan in order to equip and train staff to accommodate all learners to the best of their abilities.

I (parent/guardian) hereby agree to all terms of the "the School's" policy regarding children with disabilities.

SECTION E: CHILD PROTECTION POLICY

In our aim to give children the very best start in life, "the School" undertakes to uphold and protect the rights, safety and wellbeing of all children in accordance with the Constitution of the Republic of South Africa and the Children's Act. This responsibility applies to all children on our premises and, wherever reasonably possible, during authorised off-site activities.

We actively promote and maintain a culture of safety. We acknowledge the serious nature of child abuse and are committed to preventing any form of physical, emotional, psychological or sexual abuse, neglect or exploitation within our school environment.

In the unlikely event that an incident occurs (whether on or off the school premises), the school will respond promptly, responsibly and in accordance with applicable legislation. "the School" will cooperate fully with the South African Police Service, the Department of Social Development and Social Welfare and any other relevant authorities as required by law.

We remain vigilant and monitor the wellbeing of our children carefully. However, while maintaining a duty of care, we also endeavour to remain balanced and objective and will not assume or pursue allegations where no reasonable grounds or evidence exist.
